### Form 510-R

## Designated Contest Directors for Rotary Turbine Sign-Off

In order to fly Turbine-Powered Helicopters, you must obtain a Rotary Turbine Waiver. The process of obtaining a Rotary Turbine Waiver requires the presence of two (2) Credentialed AMA Members holding a valid Turbine Waiver. In addition, one of these must also hold a valid CD for Rotary Turbine Sign-Off credential.

The process to obtain the CD for Rotary Turbine Sign-Off is managed by the International Radio Controlled Helicopter Association (IRCHA).

You can find a link to the with the information and documents here: <https://ircha.org/turbine-waiver-application-process/>.

Once this process is completed, IRCHA leadership will notify the AMA Safety Director so that this credential can be added to the member's record and be listed on the website as a Designated Contest Director for Rotary Turbine Sign-Off.
